Signature

**Society of Environment and Development, (India)** popularly known as “**SEDINDIA**” was founded as a non-government, non-profit, consultancy and research organization. **SEDINDIA** is registered as a society under the Societies Registration Act XXXI of 1860. The **SEDINDIA** is an interdisciplinary research organization and it's dedicated for environmental, social and developmental issues.

As scientists and social scientists, economists and engineers all have their role to play a significant role to find sustainable solutions for environmental issues and socio-economic development. **SEDINDIA** has succeeded in establishing a platform for interdisciplinary research.
